

SHOREFISHING TECHNIQUES

This package is suitable for both beginners and those wishing to improve their shore angling techniques. Beginners will learn in a **relaxed atmosphere** - casting techniques, bait selection, trace building, correct tackle set-up, how to choose the correct tide and venue, safety, fishing techniques, knots, and how to fish at night.

Experienced fishers can learn to improve their casting, and advance their fishing skills.

The SEAI centre is situated in the heart of Wexford town and offers ease of access to many venues.

Children under 18 should be accompanied by an adult.

Morning: Arrival at SEAI centre in Wexford. Three-hour session, introducing **shore fishing** methods, equipment, knots, lines & casting theory and safety aspects. Trace building then progression into casting and fishing—doing it.

Afternoon: The second three hour session will be held at a suitable venue with demonstration of fishing methods and advanced casting techniques, venue choice and various uses of traces and baits etc.

There is a strong emphasis on safety throughout the program.
